

AccountRight Live

Basics

Enjoy the freedom of working with New Zealand's favourite accounting software anywhere, anytime. AccountRight Live is a next generation cloud accounting service that gives you the choice of doing your accounts on your desktop, in the cloud or both. It's the first service of its kind in New Zealand and it will change the way you manage your business.

ALL ACCOUNTRIGHT LIVE PLANS INCLUDE:

Anywhere access

Make your accounts available from any internet connected PC, anywhere anytime.

Automatically import and match bank transactions

Bring your bank transactions into your accounts and automatically match them to your data.

Multiple users

One set of accounts, same time access for your team, bookkeeper and accountant.

Automatic updates

Your subscription includes access to all the latest software updates upon release.

Save data in the cloud or to your PC

Access your accounts exclusively in the cloud or make a local backup to your PC whenever you like.

Extended service and support

You'll have access to MYOB software experts to answer your queries on the phone and online - 8am to 2am (NZST)

Easy to set up and use

- > Easy Setup Assistant ensures you're up and running quickly
- > Use an intuitive Command Centre to easily navigate your accounts, banking, sales and contacts
- > Get Field Help by holding your mouse over a field or function

Quickly view your financial position

- > View the following financial indicators and more at a glance:
 - Profitability
 - Customer analysis (eg. outstanding and overdue receivables)
 - Account details (bank account, credit card balances and more)

Simplify GST calculations

- > Easily calculate and track your GST
- > Automatically generate your GST Return for submission to the IRD

Easily create invoices and process payments

- > Generate invoices within the software and email or post directly to your customers
- > Process customer payments and refunds simply

Get paid on time

- > Easily track what's owed to you and when you should be paid
- > Manage credit limits, prompt payment discounts, and late payment fees

Customise your reports and business forms

- > Design the layout of your invoice, statements and receipts to fit your business and its professional image
- > Quickly add and remove data then save as customised reports

Set credit limits for your customers

- > Receive a warning if a customer exceeds their pre-approved credit limit
- > Place sales on hold when credit limit is reached

Take control of your finances

- > Use the new budgeting feature to input your business budget
- > Track actual transactions to budget so you know how you're going

Effectively manage your customers

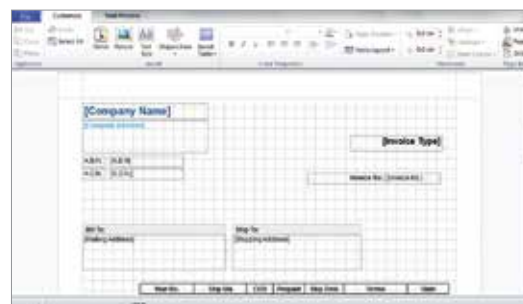

- > Synchronise your contacts with Microsoft Outlook®
- > Keep track of all your customer interactions using the contact log
